

The Ladies Board of Inova Loudoun Hospital

Nurse Appreciation Committee

May 2025, presented June 3, 2025

Nurse Appreciation week for INOVA Loudoun was May 5th through May 12th. Traditionally, the Ladies Board sponsors the Unit Nurse winners on the first Monday of May, this year, May 5, 2025.

The Ladies Board provided fresh orchids for each Unit Nurse winner for the honoree ceremony, a total of 29 winners. In addition, and for the first time, the Ladies Board also sponsored a casual luncheon of Potbelly's for 40 people. Subs, salads, chips, tea, lemonade and cookies. To eat there or take food to go.

Lori Luther and Rosy Medina arrived at the hospital early to blow up balloons to decorate signs denoting Nurse Appreciation Week. These signs were located at both the North and South hospital entrances and remained until the end of the week.

Lynn Maur purchased and delivered the beautiful orchids that we have been told are much loved by the winners. In addition, Lynn generously made two beautiful floral arrangements to enhance the food tables for the event.

The committee received the delivery of food and helped set up the luncheon while the winners were being announced in a different space.

Per a note of thanks from the Acting Nursing Officer, the Ladies Board efforts were well received. While the committee members didn't stay once, we set up the luncheon, a few winners had come out from the ceremony early and were thrilled with their orchids.

A special thank you to the Nurse Appreciation Committee and all their hard work in putting smiles on a well-deserved and hard-working group of people.

Respectfully Submitted

Laura S Davis

Chair

Committee Members: Lynn Mauer, Rosy Medina, Lori Luther, Carole Frost, Shirley Stasiowski
